Registration Now Open for Texworld NYC, Apparel Sourcing NYC, and Printsource - Winter 2026 Edition

Registration is now open for the Winter 2026 edition of Texworld NYC, Apparel Sourcing NYC, and Printsource, taking place January 20-22, at the Javits Center. The East Coast's most comprehensive sourcing event will once again bring together hundreds of global textile and apparel suppliers with U.S. brands, retailers, and designers seeking the latest fabrics, trims, prints, and sourcing solutions.

New for Winter 2026:

The Innovation Hub

Industry transformation takes center stage in the Innovation Hub, a newly expanded feature area merging Next-Gen Materials, the Technology Lab, and Solutions Studio into one destination for forward-thinking sourcing.

Exhibitors here will showcase:

- Next-Gen Materials – Bio-based, circular, and low-impact textiles driving a sustainable future.
- Technology Lab – Digital tools and AI-powered systems transforming fashion production, from 3D design to blockchain traceability.
- Solutions Studio – Services advancing transparency and accountability across the global supply chain.

From smart materials to groundbreaking platforms, the Innovation Hub spotlights companies redefining what's possible in responsible fashion and manufacturing.

Peclers Paris Joins as Trend Partner

This season, Texworld NYC is proud to announce a new partnership with Peclers Paris, the world-renowned creative consultancy and trend agency. With over five decades of expertise, Peclers has shaped global fashion, lifestyle, and design trends, working with some of the world's leading brands across industries. Through the Texworld Trend Showcase, Peclers Paris will present the season's key color stories, material innovations, and creative directions—translating future trends into tangible inspiration for designers and sourcing professionals alike.

"We believe every story in fashion begins with the fabric. It is the foundation of creativity, the vessel of emotion, and the touchpoint of connection. Fabric shapes not only garments, but also the narratives they carry and the feelings they evoke. That is why we are proud to partner with Texworld New York, bringing our trend-driven vision to the fashion capital of the United States," states Yvonne de Bruyn, Trend & Type Director for Consultancies, Peclers Paris.

Hands-On Learning Returns: Tech Pack Workshop - *Your Fashion Design Blueprint*

This edition introduces an exciting new hands-on educational opportunity for attendees — In this two-hour workshop, Xochil Herrera Scheer, President and Founder of The Chicago Pattern Maker, will demystify the tech pack—the essential blueprint for bringing a garment design to life. Whether you're a designer, a brand owner, or a student, mastering the tech pack is crucial for effective communication with your production partners, especially with vendors like those at Texworld NYC.

Exclusive Attendee Rate: This workshop is available to Texworld NYC, Apparel Sourcing NYC, and Printsourcing attendees for \$105 (regularly \$135). Seats are limited and offered on a first-come, first-served basis – *tickets can be purchased through online registration.*

Additional Show Features

The Winter 2026 edition will feature a range of returning programs designed to educate and connect the sourcing community. The Deadstock Sourcing area will spotlight surplus materials and circular design solutions, offering buyers access to sustainable sourcing alternatives. Exhibitors will take the Exhibitor Pitch stage, presented by Texpertise, to present new products and innovations directly to attendees; the Textile Talks series will return with expert-led discussions covering the latest trends, technologies, and strategies shaping the global fashion and textile landscape.
